

Welcome to the Smallprint Mini Masters Masterclass where we aim to make ordering your own Smallprint Mini Masters as straightforward as possible.

Because children's masterpieces are so rich and varied, here are a few simple guidelines to make sure the artwork we receive from you can be showcased on our range of jewellery.

WHAT WORKS

-  Simple black and white line drawings – the type most often produced by our youngest budding artists.
-  Pictures with one subject, for example a person or pet.

WHAT DOESN'T WORK

-  Detailed drawings, with lots of colour and shadings.
-  Large drawings with whole scenes or lots of people.
-  Drawings which include feint lines.

EXISTING DRAWINGS

Even if your children are older, samples of early artwork can be made into a Smallprint Mini Master. You would need to send a good quality black and white photocopy.

BESPOKE DRAWINGS

If you wish your child to draw something especially to showcase on a Smallprint item of jewellery, use one of the templates to ensure that the dimensions will fit onto your chosen item and shape of jewellery.
